

Circleville Pumpkin Show, Inc.

Proposed Pumpkin Show Park Project Summary

The proposed project is the development and construction of a downtown park in the City of Circleville which will be located at 121-125 North Court Street, the former site of the American Hotel and Mason's Furniture. The Circleville Pumpkin Show, Inc. purchased the parcels during 2015 and 2016 from the former owners. In 2016 the Circleville Pumpkin Show requested of the Circleville Planning and Zoning Commission that the lots be combined into one and it was approved. In April of 2017, Pumpkin Show hosted a community meeting including surrounding property owners, Pumpkin Show Trustees and volunteers, and members of the City Administration to determine the best use of the land. The outcome of that meeting was that we would develop the land into a downtown park. The Trustees then authorized the development of plans for a park by two local landscape designers. In September of 2017 the Circleville Pumpkin Show Board of Trustees approved the plans for the Park and at the 111th Circleville Pumpkin Show those plans were unveiled to the public. In February of 2018 the Board of Trustees reviewed the estimated cost for the construction of the park and authorized fund raising.

The park will include a nested shelter structure, a side stage, raised planters, a seat wall, and built in benches, tables, trash receptacles, a bike rack, a water feature, plantings, lighting, irrigation, a structure for port-a-johns, and will contain the Pumpkin Show stage. The park will be open to the public for use 51 weeks each year and used by Pumpkin Show in October for our event. We will encourage its use for downtown events and for family gatherings. We hope that it will become a quiet spot of reflection in a busy downtown and will provide a lunch spot for those who work and visit downtown.

Maintenance of the park will be handled by Circleville Pumpkin Show, Inc. with the assistance of the City of Circleville.
